Benjamin Ellis

Clinical Pharmacist

benjamin.ellis@example.com | +1 215 555 0116
Philadelphia, Pennsylvania, United States

PROFESSIONAL SUMMARY

Clinical pharmacist with nine years of experience supporting medication review, inpatient dispensing and discharge coordination. Communicates clearly with prescribers, nursing staff and patients, and maintains careful clinical documentation. Interested in medication safety, workflow improvement and mentoring pharmacy trainees.

CORE SKILLS

Medication review / Clinical pharmacy / Medication reconciliation / Patient counseling / Dispensing / Drug information / Clinical documentation / Inventory management / Medication safety / Interprofessional communication / Quality improvement / Electronic health records

PROFESSIONAL EXPERIENCE

Clinical Pharmacist | Fictional Hawthorn Medical Network

Apr 2022 - Present | Philadelphia, Pennsylvania | Full-time

- Reviewed inpatient medication orders and supported reconciliation for adult medical and surgical services.
- Collaborated with prescribers and nurses to clarify orders and document accepted interventions.
- Helped implement a discharge medication review workflow, increasing documented review coverage from 61% to 88%.
- Supervised two pharmacy trainees per year and delivered monthly medication-safety education sessions.

Staff Pharmacist | Fictional Willowbend Hospital

Jul 2019 - Mar 2022 | Philadelphia, Pennsylvania | Full-time

- Supported inpatient dispensing, inventory checks and drug-information requests across rotating shifts.
- Participated in medication incident reviews and helped revise labeling and storage procedures.
- Reconciled shortage lists and coordinated approved alternatives with clinical leads.
- Maintained controlled records and documented handovers for unresolved clinical queries.

Pharmacy Resident | Fictional Pinecove Care Institute

Jul 2017 - Jun 2019 | Pittsburgh, Pennsylvania | Residency

- Completed supervised rotations in adult medicine, ambulatory care and medication safety.
- Prepared evidence summaries for fictional formulary reviews and presented findings to preceptors.
- Supported a quality-improvement project on discharge medication documentation.

Benjamin Ellis
