Rafael Costa

Civil Engineer

rafael.costa@example.com | +1 713 555 0114
Houston, Texas, United States

PROFESSIONAL SUMMARY

Civil engineer with eleven years of experience supporting site development, drainage design and construction coordination. Produces clear technical documentation and works methodically with survey, geotechnical and contractor teams. Strong in quantity takeoffs, design checks and resolving field questions within controlled project procedures.

CORE SKILLS

Civil 3D / AutoCAD / Drainage design / Site development / Quantity takeoffs / Construction coordination / Technical specifications / Survey interpretation / Cost estimating / Quality control / Project scheduling / Technical reporting

PROFESSIONAL EXPERIENCE

Civil Engineer | Baystone Infrastructure Studio

Apr 2022 - Present | Houston, Texas | Full-time

- Prepared site grading and drainage packages for six fictional commercial and community developments.
- Coordinated survey and utility inputs, identifying 18 design conflicts before construction release.
- Reviewed contractor submittals and responses to field questions against design intent and project requirements.
- Improved drawing-review turnaround from nine to six days through a coordinated review tracker.

Project Engineer | Riverarch Construction Design

Jul 2018 - Mar 2022 | Houston, Texas | Full-time

- Produced quantity takeoffs, cost estimates and construction-stage technical reports.
- Supported drainage calculations and documented assumptions for senior engineer review.
- Maintained issue logs and coordinated design revisions with architects and utility consultants.
- Participated in site inspections and tracked closure of quality observations.

Graduate Civil Engineer | Stonebay Development Partners

Aug 2015 - Jun 2018 | San Antonio, Texas | Full-time

- Prepared CAD drawings and calculation sheets under senior engineering supervision.
- Assisted with survey data validation and preliminary earthwork estimates.
- Recorded meeting actions and maintained controlled drawing registers.

Rafael Costa

Civil Engineer | Qualifications and selected work

EDUCATION

Bachelor of Science in Civil Engineering

Fictional Gulf Rowan University

Aug 2011 - May 2015 | Grade: 3.6 / 4.0

PROJECTS

Community Campus Drainage

Design engineer | Feb 2023 - Dec 2023

Modeled a fictional 18-acre site and coordinated detention, grading and utility constraints. Resolved crossing conflicts before design release.

Methods / tools: Civil 3D, Drainage design

https://projects.example.com/rafael-costa/project-1

Construction Quantity Dashboard

Project engineer | Jul 2020 - Mar 2021

Built a traceable quantity summary linking drawings, revisions and estimate assumptions, reducing reconciliation effort by 30%.

Methods / tools: Excel, Quantity takeoffs

https://projects.example.com/rafael-costa/project-2

CERTIFICATIONS

Civil Design Software Professional

Fictional Infrastructure Skills Guild

Issued: May 2023 | No expiry | Credential ID: TEST-14-01

Construction Quality Documentation

Fictional Built Environment Academy

Issued: Feb 2024 | No expiry | Credential ID: TEST-14-02

LANGUAGES

English (Fluent) / Portuguese (Native) / Spanish (Conversational)

PROFESSIONAL CONTRIBUTIONS

- Volunteer contributor to a fictional student engineering design-review program.
- Present short internal sessions on drawing revision control and traceable estimate assumptions.
